

*Join ERRC/CAC now for a journey of faith and witness the transforming power of Jesus Christ.*

*China is playing a new role on the world stage.*  
**We bring you closer**

ERRC cooperates with the leading universities in China and places competent Christian teachers in major coastal cities to teach Ph.D. candidates, graduate and undergraduate students in subjects ranging from English conversation, writing, literature, legal studies, environmental science to Biblical studies, etc.

*An overview of ERRC programs can be found on the inside panel*

## *Our time, China's time*

**ERRC WITH MORE THAN 20 YEARS OF EXPERIENCE PLACING CHRISTIAN TEACHERS IN CHINA, WILL FACILITATE YOUR ENGAGEMENT WITH THE CREAM OF THE CROP IN CHINA'S LEADING UNIVERSITIES**

*One of the greatest transformations in history is taking place in your lifetime, will you be a part of it?*

China is no longer the closed, sleeping Dragon of its past. In the 21st Century, China is playing a significant role in the arena of economy, international relations and cultural development in the global community. The younger generation is very eager to understand the world and to be involved in the world.

Our bi-lingual and bi-cultural staff with their deep commitment to the kingdom of God will serve as your partner. Through various programs and functions, we hope to have in depth and significant conversations about value and worldview exchanges that will leave a lasting marks in both Chinese and North Americans lives.

"I believe that the work of ERRC is one of the most strategic ministries any North American Christian could be involved in today... I can think of few investments that pay such rich dividends."

**DR. WARD GASQUE,  
NEW TESTAMENT SCHOLAR**

"My time teaching in Beijing this summer was wonderful, a learning experience and more. I hope, coming back, that I can share some of what I experience there as a witness of what God is doing. Sometimes everything is so amazing to me I can't seem to express it."

**MARGERY ATKINSON  
SUMMER TEACHER**

"Just before we went to teach in China, we went on the Vision trip with Martha. We found our experience to be both educational and challenging. We visited ERRC teachers and saw how they lived, saw tourist sites and ate great Chinese food. This trip is absolutely critical to anyone considering teaching in China."

**ROBERT & SHARON RIEGEL  
VISION TRIP ALUMNI**

"ERRC's thorough orientation program meant no surprises when we arrived. The midyear conference was one of the best I've attended. It worked wonderfully to keep us focused on our role in China."

**JAY VAN BRUGGEN  
ERRC TEACHER**

## Interface with Future Leaders in China

Educational Resources & Referrals-

# CHINA
